

ONLY THE BEST ACCEPTED.

CANADA'S IMMIGRANTS ARE BEING CAREFULLY SELECTED.

Over Seventeen Hundred Deportations and More Than 4,600 Rejections During the Fiscal Year Just Ended—Less Than 500 Japanese Entered.

(Special Despatch to The Globe.)

Ottawa, April 2.—During the fiscal year just ended the Immigration Department has deported over 1,700 immigrants who within two years of their arrival in Canada have been found to be undesirable citizens. For the previous year deportations totalled 825. Immigrants rejected at ports of entry and sent back on landing, totalled over 4,600. Last year the number of rejections was 1,172. Figures like these show the great care the department is now taking to insure Canada's getting only the very best class of immigrants. The total Japanese immigration for the year has been a few under 500, as compared with 7,452 for the preceding fiscal year.

JONES GETS A CHANCE.

Young Man Who Attempted to Kill Himself is Free.

"What did you want to kill yourself for?" asked Magistrate Denison of Herbert G. Jones, a young married man, who appeared before him yesterday morning on a charge of attempting to commit suicide some time ago.

"I was despondent," rejoined Jones, "and was afraid that I would be arrested for a mistake I had made."

"I understand the young man met with a severe accident a few years ago," broke in Mr. T. C. Robinette, K.C.

"What is the good of you worrying?" rejoined the Magistrate. "Firing off a revolver and trying to kill yourself is not going to help you."

"Do you think you would try to do it again if I let you go this time?" asked the Magistrate.

"I don't want to go back to jail," rejoined the young man.

"I am going to let you go," replied his Worship. "If you try to kill yourself again it will be a grave reflection on me. People would say that I shouldn't take your word for it, and that you should have been locked up. Do you think that I can trust you?"

"Yes, sir," rejoined Jones, who was met by his wife as he stepped out of the dock.

Japanese Strike Copper.

Vancouver, April 1.—(Special.)—A copper vein, 26 feet wide, has been struck at Ikeda mine, Queen Charlotte Islands. The ore body grows gradually with increased depth. Assays show copper values thirteen ounces to the ton, carrying \$3.50 silver, \$8.50 gold. The mine is owned entirely by Japanese.
