

BULGARIANS SLIP ACROSS U.S. LINE

NIAGARA FALLS, N.Y., July 7 —

Wholesale smuggling of aliens across the border between Lewiston and Youngston is shown by the 34 Bulgarians now in the custody of U.S. immigration officials. Saturday night Inspector Baldwin received word that aliens were being brought across the border wholesale, and he set out to arrest them.

A motor boat was commandeered and they started down the river. At various places along the shore they picked up the men.
