

## Nordegg Makes Denial

Although it was not stated that the German alleged to have been arrested in Montreal, according to a Montreal despatch last week, was connected with the Brazeau Collieries, Limited, but that he was believed to have coal interests in the Brazeau coal district, Mr. M. Nordegg, vice-president of the Brazeau Collieries, Limited, desires to deny that any such German has interests or ever had in the Brazeau Collieries, Limited. This company is a Canadian Northern concern, of which Sir. Wm. Mackenzie is president.
