

BULGARIANS NOT LEAVING.

Police Say They Are for Most Part Content to Live Here.

Rumors that Bulgarians are leaving Toronto for the United States, from where they hope to be able to get back to their country and fight against the Allies, should King Ferdinand declare in favor of the Huns, are given denial by Inspector of Detectives Kennedy. Apart from the fact that the police are unable to halt any exodus from the city of Bulgarians, until war is declared, the inspector stated that as far as he was aware the Bulgars in the city have shown no inclination to leave and with the exception of a few have no desire to fight against the Allies. He maintains that they are content to live under the British flag.

As soon as notification is received from Ottawa, the work of registering or interning Bulgarians, as the case may be, will be started by the local police.
