

BILLBOARD TO WARN ALIENS

Notices are to be posted throughout the city immediately calling upon all unnaturalized aliens to register at Fort Osborne barracks. Those who fail to obey this order will be rounded up and probably will be incarcerated with the prisoners of war at the barracks. It is expected these notices will appear on bill boards, fence posts and other conspicuous places tomorrow.

So far no Turks have been arrested under the Defense of the Realm act, in fact there are very few in Western Canada. However, more German and Austrian prisoners are expected in from the west at any time and their arrival will necessitate the removal of the prisoners to some other quarters, for the premises now occupied by them is crowded.
