(Canadian Press Despatch.)

London, Ont., Dec. 7.—London City Council to-night adopted a resolution introduced by Alderman F. G. Mitchell, calling for an investigation of a charge that General Manager H. J. Glaubitz of the Public Utilities Commission assisted Otto Becker, a German reservist, and an employee of the Commission, out of the country on the outbreak of hostilities. Becker is now fighting with the Kaiser's armies.

Alderman Mitchell recently introduced a resolution calling for the dismissal of General Manager Glaubitz because of the official's "German birth."
