

MORE ROOM FOR ALIENS.

Quarters at Stanley Barracks Filled
—Petawawa, Probably.

A second detachment of alien enemies will shortly be despatched from Toronto to some place where there is more room.

Judge Coatsworth, during a lull in the proceedings in the General Sessions yesterday, said that he had been informed that the internment quarters at Stanley Barracks were filled to capacity, and that, therefore, it would be necessary to get rid of some of the aliens in residence there in order to find accommodation for new arrivals. "I think they are going to be sent to Petawawa, where a settlement is being made in the woods. They will be put to work there," said his honor.
