## Austrian Vagrants to be Handed Over to Military Authorities.

A number of Austrians without work or money have been brought before the magistrate in the city police court recently. Practically every day one or more of these aliens appear in court on charges of vagrancy and theft, and in all cases their stories are the same. They have been discharged from work because of their nationality and were unable to get work for the same reason.

Yesterday morning Fred Manchur, an Austrian, aged 19 years, who was arrested Thursday morning by Detectives McIvor and Calder in company with two bread thieves, was remanded until today. He was handed over to the military authorities and interned in the concentration camp.

Mike Shadnuska, another Austrian vagrant, was also handed over to the military authorities. Neither of the men had been in trouble before.
