## **CLAUBITZ REINSTATED.**

### **Charge Against Him Never Came to Trial; Controllers Restore Him.**

(Canadian Press Despatch.)

London, Ont., Feb. 10.—(General Manager Henry J. Glaubitz of the Utilities Commission was to-day reinstated in his position, which he vacated several weeks ago. Glaubitz was made an issue of the municipal elections in January. Those opposing his holding of the position on the ground of his German birth and alleged pro-German sympathies were elected by great majorities. One of the charges made against Glaubitz was that he had assisted a German **reservist** named Becker, employed in the Utilities Commission, to return to Germany. The charge was never brought to trial. The Board of Control this morning voted three to two to reinstate Mr. Glaubitz.
