

# 1,300 Aliens

## Registered To Avoid Brandon

---

By tonight aliens registered at 112 Colony street will total 13,000, according to estimates made by officials this afternoon. At noon the total was more than 12,800, and there was a big crowd in waiting, made up mostly of unnaturalized Germans and Austrians who have recently returned from the country.

There is a body of men out today rounding up those who have not registered. Several are being sought who have apparently purposely evaded registration. Early this afternoon they had not been located.
