Special to The Star.

Ottawa, April 27.—Hon. C. J. Doherty, Minister of Justice, returned this morning from a trip to Northern Ontario and Quebec, where he visited the camps at Spirit Lake and Kapuskasing, where alien enemies have been interned. He found eight hundred aliens at Spirit Lake and five hundred at Kapuskasing, all well cared for, but under strict supervision of the military guards. Mr. Doherty says that the aliens are well fed, comfortably clothed, and reasonably happy. Some of them have been allowed to go on the land which has been cleared. The Minister of Justice may allow a number of the prisoners out on parole.
