

ESCAPING AUSTRIAN SHOT.

Guard Taking Prisoners to Camp in Northern Quebec.

Montreal, May 2.—Jan Bausek, an Austrian prisoner, was shot and mortally wounded while trying to escape at the Windsor station from a party of 106 Austrians being taken under guard from a military prison here to the alien detention camp at Spirit Lake, in northern Quebec. He died in the General hospital an hour later.

As the party was turning into the C.P.R., Bausek made off down a side street, pursued by a sergeant and guard. After warning the escaping Austrian three times, the guard fired, the bullet going through the prisoner's body back of the right lung. A military inquiry is to be held.
