

# German Agents Were Arrested In Montreal

---

Montreal, May 13.—Heer Von Novelli, the secret Austrian agent, who was behind the Dacia deal when an effort was made by German agents to entangle the United States with Great Britain, was in Montreal on Monday, and, with several other agents, made efforts to buy steamers and arrange freights. The net result of his work was that his agents were arrested by officials from the enemy alien department, and it is believed that they have returned across the border whence they came. What has happened to Von Novelli is not known, but it is thought that he is no longer in Canada.
