

BRANDON HAS 772 ENEMIES

BRANDON, Man.—Another special train load of soldiers arrived from Emerson just before midnight. There were 270, making a total of 772 here at present.

This is causing uneasiness among men of the 45th battalion who fear they will not be able to get away to Sewell for some time. Up to the present the 45th is supplying guards for aliens. Col. Clark, however, states that the movement of the battalion will be unaffected.
