**By Canadian Press.**

Ottawa, June 12.—Commissioner Sherwood, of the Dominion Police, stated to-day that his department had no connection with the arrest in Toronto of the supposed German spy, Louise Marksfeldt, the credit being due to the local police there. It was known, however, that she had made frequent trips across the border. About three months ago she was arrested for attempting to evade the immigration authorities, but was paroled. She is not known to have visited Ottawa.
