## Facts Were Obtained from An Austrian at Detroit

---

Detroit, July 24.—As the result of a complaint that his pocket was picked while he was riding on a street car, Jacob Lomarcin, an Austrian, finds himself in jail here tonight.

Lomarcin told me how he had paid out \$50 to be taken across the river in a small boat from Sarnia to Port Huron. Then the fact was revealed that the "underground route" is being worked at the upper river port to advantage.
