

# **ALIEN ENEMIES ARE BARRED FROM NATURALIZATION**

---

## **Regulations Will be Strictly Enforced by Supreme Court**

---

Some mis-apprehension has got abroad as to the naturalization of alien enemies in Alberta, arising out of a statement that several Germans and Austrians had recently been naturalized in Edmonton, whereas this was not the case.

The supreme court judges of the province have ruled that no alien enemies can be naturalized, and that is the practise being followed by the clerks of the supreme court throughout Alberta.

It is consequently useless for an alien enemy to send in an application for naturalization, as it cannot be considered under the ruling of the judges of the supreme court.
