

Austrian Had Mauser Rifle. —
To see an alien enemy skulking through the trees like a sniper on the warpath daunted not in the least Constable Findlay, one of Winnipeg's youngest constables, early Saturday, when he arrested Aleck Ritrulek, an Austrian, on James street. Ritrulek was armed with a 1915 Mauser rifle and was also carrying a supply of ammunition. He was taken to the city police court and placed in a cell. He appeared before Magistrate Macdonald in the police court, but as no charge had been laid, Ritrulek will be held for trial until today. Ritrulek is registered as an alien enemy at the registration office on Colony street.
