

# ESCAPED ALIEN IS RECAPTURED

---

Martin Borowski, alias Matein Ybarazczuk, an escaped alien from the detention camp at Brandon, has been arrested by Provincial Constable Snell, of Brooklands, and Detective Hubarewicz on a warrant charging him with the theft of a number of bicycles from residents of Brooklands. Borowski was taken to the city police station and appeared before Magistrate Macdonald in the city police court yesterday on a charge of theft. Because of the fact that the prisoner is wanted by the military authorities, the charge of theft, it is believed will be withdrawn. He was handed over to the military police and will probably be again interned in Brandon concentration camp.

The prisoner is one of the men who escaped from the guardroom at the Brandon camp about seven months ago by cutting his way through the wooden floor of the building in which he was held.
