

## Germans In North Frontenac.

Councillor Wensley held a similar view. Let each year's Council make a grant. In Councillor Wensley's township (Clarendon and Miller) there was a large German element, and that gentleman remarked that after he had moved the grant of \$2,000 to the Patriotic Fund last fall, a move was made against him in several quarters for doing so. He wasn't afraid of this, but if he happened to be left home, at next election, he would like to have his successor put on record as how he stood in regard to a patriotic grant.
