

Local Greeks Await Call.

The local Greeks are being held in great suspense as to their recall to arms to fight for the Allies cause. A Whig reporter was speaking to one of them on Friday afternoon and the latter told him that his Government has not yet called out any of the reservists that have settled in Kingston. In Toronto there have been some notified as well as in various quarters. On Tuesday next four thousand Greeks will sail for Greece from New York.

Many of the young reservists about Kingston are anxious to go and are of the opinion that shortly their Government will send out the call.
