

## 71-YEAR-OLD LOTHARIO KISSED HER BY MAIL

### Veteran Farmer Ordered to Pay \$250 to Repair 53-Year-old Broken Heart

Two hundred and fifty dollars should repair a 53-year-old broken heart, according to the jury of the Assize Court. Miss Mary Ann Frederick, the lady who sued Horace Hennessey, the 71-year-old retired farmer, for \$10,000, was awarded that much yesterday, in a breach of promise action. She was also allowed court costs.

Hennessey admitted kissing the lady by mail, but he wouldn't give any straight reply that he had delivered any personally, although Miss Frederick, in her evidence, told of being the recipient of several special delivery kisses, besides many by mail. Indeed, according to Mr. Hennessey's evidence, the courtship was a tame affair. There was no love-making. On one occasion the two sat alone in a room, and their chairs were several feet apart. He admitted, however, that he might have thought considerable of her. It was also shown that Mr. Hennessey's Christmas present to the lady was a quarter's worth of car tickets. Whether they were regular or limited tickets did not come out in evidence.

Counsel for the defendant declared that it was a deep-laid scheme to snare the old man. The plaintiff, he claimed, had gone to Trenton "to get a man."

## MAY TAKE BULGARIANS AT THEIR PLEDGED WORD

### NO ORDER YET RECEIVED RE- QUIRING THEM TO BE TREAT- ED AS ALIEN ENEMIES.

Bulgarians remaining in Toronto are not being treated nor considered as enemies of the King, so far as the registrar of aliens is concerned. Col. Grasett has not received any instructions from Ottawa to register the subjects of King Ferdinand of Bulgaria, nor treat them in any way similar to the treatment meted out to Germans, Austrians and Turks.

Toronto Bulgarians recently protested their loyalty to the cause of the allies, and it is stated that the Government is going to give them a chance to keep their word. It is generally conceded that the Bulgarian civilian population does not give the military caste very much support, and it is thought that those who have enjoyed the benefits of residence in a country like the Dominion will not readily risk internment, etc., for the sake of a cause they have publicly protested against.
