

## NOT WANTED IN CANADA

These are times in which plain speech is needed. We take the liberty of telling Bishop Budka that any member of his race, or of any non-English speaking nationality in Canada, who is not prepared for himself and his children to become Canadians is not wanted in Canada. The Ukraine is the proper place for Ukrainians. If there is such a country as Canada-Ukraine we do not know of it. Hyphens, as an American newspaper pithily remarked, should be left at the port of embarkation to be applied for when the immigrant returns for good to the land of his fathers.—Manitoba Free Press.
