

ASK FOR DISMISSAL OF ALIEN ENEMIES.

Locomotive Works Employees To Present Petition to Management.

One of the results of the burning of the Parliament buildings at Ottawa is the circulation of a petition among the employees of the Canadian Locomotive Works here asking the management to dismiss or retire thirty-six Germans, Austrians and Hungarians who are employed in the works. The petition is being signed by practically every other man in the works, in which there are about 1,200 men engaged.
