## **KELLY APPEAL DISMISSED.**

**Another Step in Civil Suits Over  
Manitoba Parliament Buildings.**

*(Canadian Press Despatch.)*

Winnipeg, March 6.—The appeal of Thomas Kelly & Sons in the civil suit brought against them by the Province of Manitoba, in connection with the Parliament buildings, against the order for fuller and better production of documents, was dismissed by the Court of Appeals this morning. In view of the possibility that the defence will carry the point to the Privy Council, a stay of proceedings until Thursday was granted. Appeal was made on the ground that a further production of documents might tend to incriminate the defendants.
