

## INVESTIGATION FINISHED.

---

### Board of Officers Investigated Escape of Prisoners.

The investigation into the escape of three prisoners of war from Fort Henry by a board of officers consisting of Lieut.-Col. S. A. Thompson, G.S.O., Capt. Norwell, and Capt. McManus, evidently did its work very thoroughly, as it continued until Saturday night. What transpired at the investigation will not be issued at least for a time until the evidence has been submitted for official action. It is very thorough, however, due to the officers who were chosen for the work.
