

Bear Steals Bacon From Castle Camp

Calgary, Aug. 17. — The internment camp for Austrian prisoners at Castle mountain, west of Banff, has been the scene of considerable excitement during the past few days. This is where the aliens from the Brandon camp were sent. Last week a very large and predatory bear made a reconnaissance in force on the provision tent and retired in good order with considerable munitions, to a strong position in the mountains, where he still holds out, so far as the soldiers at camp are concerned. He ate considerable while in the tent, and when the guards appeared and began to pour the contents of their Ross rifles in his direction he retreated with a side of bacon in his mouth, according to the report.
