

## DOUBLES BORDER FEE.

---

### New U.S. Immigration Act Might Apply To Toronto Passengers.

Niagara Falls, Feb. 23.—The new United States immigration bill, which goes into effect May 1, may seriously affect the relations of the residents of Canadian and American towns along the Niagara frontier. It raises the immigration admission fee from \$4 to \$8, and may be applied to people crossing daily to work on the American side, and possibly to passengers from the Toronto-Lewiston boats. However, strict interpretation of the measure has only been utilized on rare occasions.
