

# Waugh Not Leading In Agitation To Free Interned Farmer

---

Councillor William Waugh, of Bird's Hill, says he is not taking a leading part in the move to obtain the release of Harry Bodner, a farmer of that locality who, it is alleged, has been wrongfully interned. Mr. Waugh says he knows nothing against Bodner's character and signed an affidavit to that effect. Aside from this however, he disclaims connection with the movement. The move appears to be largely engineered by compatriots of Bodner, who are naturalized British subjects.
