

Inspector Cox of the Dominion Police Department, Ottawa, was in town yesterday conferring with Chief of Police Beaton in connection with the Alien problem. Chief Beaton has now received authorization issued by Sir Percy Sherwood, Chief Commissioner of the Dominion Police to exercise all powers conferred upon Dominion Police Force with reference to arrest, detention and parole of German, Austrian Hungarian, Turkish and Bulgarian subjects. This will entail quite a lot of work on the Chief, who lately has been somewhat busy with prosecutions under the Ontario Temperance Act.
