

THREE HUNDRED MEN TO AID IN PRODUCTION

NAMES OF VOLUNTEERS PRESENTED AT BRITISH IMPERIAL ASSOCIATION MEETING.

Earlscourt will furnish 300 volunteers for the farm to aid in production this coming summer. The names were obtained by a canvass of the district, and the number was reported to the British Imperial Association meeting held last night in the Earlscourt School.

In the discussion on production one of the suggestions made was to send all the enemy aliens west and compel them to work in the fields and assist in the production of grain. The available men from the homes of the Province could be left for the farms of Ontario.

It was also decided to back up the Medical Officer of Health in his measures to prevent food wastage.

Ald. Sykes will be asked to propose in Council that all vacant land where water mains are laid be taxed ten cents a foot.

The annual memorial service in memory of the 200 or more men of the district who have made the supreme sacrifice will be held April 7.

A proposal to celebrate the anniversary of the battle of St. Julien was laid over until the next meeting.

President J. R. MacNichol was in the chair.
