

New Battalion—Although Brigadier-General Leckie, commanding Military District No. 11, has announced that a special new battalion has been authorized for British Columbia, no definite action has as yet been taken in this regard. The battalion will probably be made up of men from the Special Service Company, Vancouver, the 30th B. C. Horse, Vernon, and 107th Regiment, Morrissey. These are all Mainland units and it may be that the battalion will be stationed here.
