

# *Aliens vs. British Patriots*

WINNIPEG, Oct. 2.—M. Kneenovitch, associate editor of the Working People, a Ukrainian paper published here, was ordered interned by the registrar of alien enemies. Kneenovitch has been writing seditious articles in his paper for some time, becoming more inflammable of late.

He is an Austrian and has lived here for about 10 years.

NORTH VANCOUVER, Oct. 2.—Thomas Taylor, a local dairyman who was refused exemption and was called up for military service, before joining had to sacrifice his business to two Austrians, enemy aliens. Taylor has two brothers serving in France. All the Austrians have to do is to report regularly. The full facts came out in court when the Austrians were charged with allowing their cattle to run at large.
