

A SUGGESTION

Sir:—I notice there is quite a discussion over the disposal of the aliens under detention in the various camps, and as it is just coming to light, the news of some of the barbarities practised by the Huns on their prisoners, why not ship these aliens along with quite a few (who are not interned but should be) back to the land from whence they came, and forever prohibit Germans, Austrians, Bulgarians and Turks from entering Canada.

OBSERVER.
