

SAY DEPORTATION WILL AWAIT SIGNING OF PEACE

Alien enemies interned in Canada will be held until the signing of the peace treaty and then will be sent back to Germany, according to alien enemy registration officials here. There is but one concentration camp for enemy aliens in Western Canada and that is at Vernon, B. C., but men from this district have been sent to Kupaskasing for internment.

There are a number of men from this district interned at Kupaskasing, many of whom would have been shot had they been Britishers and committed the same offenses in Germany.
