

DEPORTED OR IMPRISONED?

Motion to Attach Foster Parent of Boy Who Disappeared is Dismissed

Chambers was reminded during the morning of the disappearance of young Carl Karger and his foster mother, by an application to attach the person of the elther Carl Karger for failure to produce the boy. Mr. H. S. Wood, who made the application stated that Karger was still at the internment camp at Vernon, although his deportation had been ordered. Mr. Crossman opposed the application on the ground that Mr. Karger had not been notified, according to the rules of court. Mr. Justice Murphy agreed with Mr. Crossman, adding that since the liberty of the person was at stake all rules must be strictly complied with. He dismissed the application.

Nothing further has been heard of Mrs. Karger and the boy since they slipped away from the authorities in Vancouver. In the meantime Mr. Karger seems to be in the peculiar position that the government wants at once to deport him and imprison him here.
