
New British Zeppelins Cause Germans Anxiety

London, Aug. 25.—A German despatch to *The London Express* says the appearance of the new British Zeppelins causes much anxiety in Germany. Patrolling off Denmark, the British dirigibles completely outpaced the German Zeppelins.

The Germans purpose to build smaller and faster airships to cope with the British, but the Kaiser's sanction is necessary for the change.

THREE GERMANS RECAPTURED.

Amherst, N.S., Aug. 25.—Three of the four German prisoners who escaped from the internment camp on Wednesday have been recaptured, and one, who refused to halt when ordered to do so by a guard, was shot dead. The quartette belonged to the crew of the German steamer *Kair Wilhelm*, and have been the cause of considerable trouble at the camp.
