

# WAPN AUSTRIANS NOT TO RETURN

---

Many of the better educated Ruthenians in the city are advising their fellow country men not to return to Austria to fight. They point out that often they would find themselves fighting against brothers or relatives, and that they have nothing to gain by going back. Many Austrians here refuse to return, on the grounds that Emperor Franz Josef is a German and not headed like the kaiser. Editorials appear in several of this week's foreign papers published here, warning Austrians against returning to Europe to fight.
