

## Austrians Arrested

REGINA, Aug. 11.—Four Austrians who came in on a freight train were arrested by the Mounted Police, as it was supposed they were trying to make their way home to join the Austrian colors. They carried lists of their countrymen with whom it is thought they were to take shelter at various points along the line as far as Port Arthur, and also had passports for use in Europe. They were brought before a justice and remanded for eight days.
