

AUSTRIAN FLAG

RAISED IN B. C.

Subjects of Dual Monarchy Are Practicing Shooting at Phoenix.

Phoenix, B. C., Aug. 13.—In spite of the fact that the hunting season does not open in this district until September 1, many of the Austrians here have secured game licenses and are to be seen practicing on the outskirts of the town. On Wednesday night a large number of them posted the Austrian flag and went through military manoeuvres. The government agents of Grand Forks and Greenwood have been appealed to, to stop issuing game licenses.
