

GERMAN MEMBERS OF MT. ROYAL CREW ARRESTED.

Montreal, Aug. 13.—Fifteen members of the crew of the C. P. R. steamer Mount Royal, firemen and stokers, who are reservists in the German army, were made prisoners of war yesterday by Lieut. Fisher and a squad of men.

The Germans were marched from the ship to police headquarters, where they were locked up.

Those who are willing to sign parole that they will not take part in the present conflict in Europe, or in any way assist the enemy, may be allowed their liberty, but will be compelled to remain in this country until the war is over.

Those who are not willing to sign will be kept in custody until the end of the war.

Expressions of loyalty to the German Emperor by a few of them led to the visit of the police and the arrest of the fifteen.
