

# PRISONERS IN THE FORT

---

THE 14TH TO GUARD THE GERMAN SUSPECTS.

---

From All Over Ontario—Fifty Of the 5th Field Battery To Go To Valcartier.

The population at Fort Henry was increased on Saturday evening when two officers and one non-commissioned officer arrived from Windsor with J. H. Berger, an ex-German officer. The man in question was looked upon as being dangerous to be at large during war time, and for that reason it was decided to put him under lock and key until the war is over. Berger acknowledges that he is an ex-German officer.

When he arrived in the city on Saturday evening, he was marched over to the fort and placed in charge of the 14th guard on duty.

From the conversation of the man it is evident that he has been in Kingston before, as he appeared to know where the fort was situated.

Berger will be placed in a room by himself, and will be closely watched by the guard.
