

## FIERY GERMAN RESERVIST ARRESTED IN TORONTO

**SAID HE WOULD LIKE TO KILL  
FOUR MEN BEFORE HE  
FALLS.**

A German reservist, Wilhelm Bernsau, who was rooming at 230 Sherbourne street, was brought to the Detective Office yesterday afternoon by Constable Godfrey Maurer for examination. His actions at his rooming-house had given rise to suspicion regarding his future movements. He was also very vigorous in his criticisms of the allies.

Detective Inspector Kennedy explained to Bernsau the conditions on which he would be allowed to remain in Canada while the war was in progress. The man did not avail himself of the offers of the Inspector. "Germany gave me my life, and I would like to give my life for Germany. Nothing would give me greater satisfaction to send four of the enemy to hell before I fell on the battlefield," said Bernsau, in answer to questions.

Constable Maurer was then instructed to take the man to military headquarters. When he still maintained this attitude, Colonel Elliott ordered that he be taken into custody and interned at Stanley Barracks.

Bernsau has been making efforts to leave the country. He has two brothers in the German army. He is twenty-six years of age, and is not married.

## JUST A PRELIMINARY OF AUTUMN CHILL

**SOME MORE REAL SUMMER  
WEATHER STILL COMING SAYS  
OFFICIAL PROPHET.**

With the mercury as low as 58, and a keen northerly wind blowing all day, Torontonians felt the first pinch of the coming wintry season yesterday, and the holiday crowds were conspicuous by their absence at many centres where sporting events had been arranged. Exhibition Park was the only scene of big holiday activity, but there the crowds did not remain in the open, preferring to crowd into the buildings.

The downtown districts were almost deserted, except for the crowds which gathered around the various newspaper offices eager to hear the latest from the seat of war.

Inquiry at the Meteorological Office last night elicited the information that this cool, though fair, weather will continue for two or three days or maybe until the end of the week.

Yesterday's chilly blast, although it heralded the coming of winter, does not mean that the summer has entirely passed. According to the weather man, we are to experience more comparatively warm weather before the winter sets in for good.

## "FOR KING AND COUNTRY."

**New Song Sung at the Exhibition  
Last Night.**

Torontonians heard for the first time last night the new song by Robert Harkness that is making a big hit in London, "For King and Country." It was well rendered by the Temple Male Quartette. Robert Harkness was pianist at the Torrey-Alexander meetings.
