

German-Canadians Prove Loyalty

Raise Large Sum for Patriotic Fund, and Many Enlist

From a Staff Correspondent.

Ottawa, Sept. 30.—The Germans of Ontario will give a good account of themselves and show that they are staunch Canadians and British subjects in connection with the present war, according to Mr. W. G. Weichel, M.P. for North Waterloo. He states that the City of Berlin will contribute more to the Patriotic Fund in proportion to its population than the City of Toronto. The amount aimed at is \$75,000. On the first night of the recruiting for the new militia regiment at Berlin two hundred men enlisted. Some of the new recruits will volunteer for service at the front, in addition to the men who have already gone from Waterloo county. Mr. Weichel also pointed out with pride to the production of manufactured goods in Berlin and Waterloo and of food commodities in the county such as the Empire now requires.
