

Constable Bailey arrested a German on Saturday evening for raising a disturbance on the street. When questioned he admitted his nationality, but claimed that he left Germany before he was 17 years of age. His remarks on the Kaiser would hardly have gratified that personage had he heard them, but unfortunately the prisoner had failed to comply with the regulations with regard to registration. As a result of his neglect, Sergt Green of the 26th E. C. Horse, arrived in Kanderby on Monday to take the prisoner to Vernon on Tuesday morning.
