

GERMAN PRISONERS FORM WHISTLE BAND

Men Confined at Fort Henry Make Whistles Out of Wood and Drums of Vinegar Barrels.

By Bulletin Leased Wire.

Kingston, Ont., Oct. 11.—At Fort Henry, where the Austrian and German prisoners are confined, a German band has been formed. The Germans have made whistles out of wood, and vinegar barrels have been made into drums.

An Austrian prisoner allowed out on parole came back to the fort and asked to be made a prisoner again, stating that he had been all over Canada and could not get work. He was re-interred.
