

FINED AS ALIEN ENEMY

Ella Molanchuk Assessed \$20 for Toting Shotgun.

Another alien has been arrested, taken before Magistrate Massie, convicted and fined \$20 for being an alien enemy of Great Britain. This time it was Ella Molanchuk who was found with a double barreled shotgun and six boxes of cartridges in his possession. Inspector Shute and Sergeant Watson again figured in the arrest of the man and landed him at 10204 Eighty-ninth street.

It was reported at the armory of the 19th Alberta Dragoons that Molanchuk, an Austrian, was in the habit of carrying a gun around and also a large quantity of cartridges. The military authorities laid the case before the city police and also said it had been reported to them that the lives of two women had been threatened by this man because their husbands had gone to fight for Great Britain. Inspector Shute and Sergeant Watson immediately started out to search for the man and after sleuthing about the east end for an hour or two discovered their quarry on Eighty-ninth street.
