

All Enemies Of Canada Must Register

Ottawa, Oct. 29.—Registration bureaux will be established at Toronto, for Ontario province, for the registration of alien reservists in Canada, in accordance with an order-in-council passed yesterday. Steps will be taken at once to obtain a full list of these men so that every hostile reservist in Canada may be under the surveillance of dominion police authority. Some will be allowed their freedom on the system of parole. Others considered a menace to the country will be placed in detention and held. The dominion police will be in charge of the work.
