

## **DOUBLE GUARDS WILL BE PLACED THERE, AS WELL AS AT HAMILTON TUNNEL.**

Toronto, Nov. 2.—The Toronto World declares that United States secret service men have discovered and communicated to the Canadian Government a plot by the Germans to blow up the Welland Canal and the railway tunnel at Hamilton, and that consequently the military guard of the canal will be doubled today, and a guard placed on the tunnel.

All secret service men in the Dominion Government and the Canadian Pacific Railway service, the World says, have been brought to threatened spots.
