

REGISTERING ENEMY

**Bureaus to Be Opened Throughout
Country to Deal with Aliens.**

Ottawa, Nov. 1.—In accordance with the recent order-in-council passed by the government, various points throughout the Dominion will be officially designated registration centres for the registry of Austrians and Germans. Already Montreal has been so

Detachment and the registrar, Elias H. Carpenter, commissioner of police in the interior department, and formerly chief of detectives in Montreal, has been appointed registrar. In addition to Montreal registration bureaus will be established at Ottawa, Sydney, Fort William, Winnipeg, Regina, Calgary, Edmonton, Vancouver and probably at other points, if found necessary.

As soon as an approximate idea is gained of the number whom it will be necessary to intern, arrangements will be made for their accommodation and a general scheme worked out. The control and direction of the whole work of detention will be placed in the hands of one military officer, who will be responsible.

Brig-Gen. Oler has been entrusted with the task.

It is possible that arrangements may be made in the west whereby men living at long distances from the points of registration may be enabled to take out their parole without the necessity of going to the bureau.

Only such men as are believed to be strictly dangerous will be interned. Others will be placed under surveillance.
